

TeamConnect Wireless: Conquer every room

Wireless Conference System for Online Meetings

Introducing TeamConnect Wireless

Sennheiser TeamConnect Wireless – the first portable wireless conference system for online meetings. Its ease of use, multiple connectivity options, fast setup, high audio quality and award-winning design make Unified Communications simply more efficient.

The way business gets done is changing: Today, online meetings are becoming ever more important – and efficient communication depends on seamless technology.

Introducing Sennheiser TeamConnect Wireless – the first portable wireless conference system for online meetings.

A turnkey audio solution for efficient online meetings

Simply remove the system from the charger – all connections are established automatically in an instant.
